INTRODUCTION

FIRST FAMILIES of HAMILTON COUNTY, OHIO was created in 1988 by the Hamilton County Chapter of the Ohio Genealogical Society for its Members who are descendants of early Pioneer Settlers of Hamilton County, Ohio before December 31, 1820. The 1820 Census is acceptable proof of residence.

FFHC was established as a Bicentennial tribute to Cincinnati's 200th Birthday, and to celebrate the 15th Anniversary of Hamilton County Chapters Charter year with the Ohio Genealogical Society.

Robert Francis Reuter organized the formation of FFHC. His leadership ability established the high standards in requiring well documented proof of birth, death and marriage, and of connection links between generations for allied families and lateral family lines. Bob was thorough in reviewing every Application for Membership in FFHC. He was a Charter Member of FFHC, and the Co-Chairman of the FFHC Committee until his death February 14, 1989.

The FFHC Card File system was developed by Co-Chairman Joan Hughes in the second year of our establishment. This card system became the basis of our Official Roster - Volume I. The growing interest in FFHC has necessitated publishing this OFFICIAL ROSTER - Volume I, which lists all FFHC Members who have been accepted from 1988 through August 1992. This book is a tribute to the FFHC Members and their Ancestors on the 5th Anniversary of First Families of Hamilton County, Ohio.

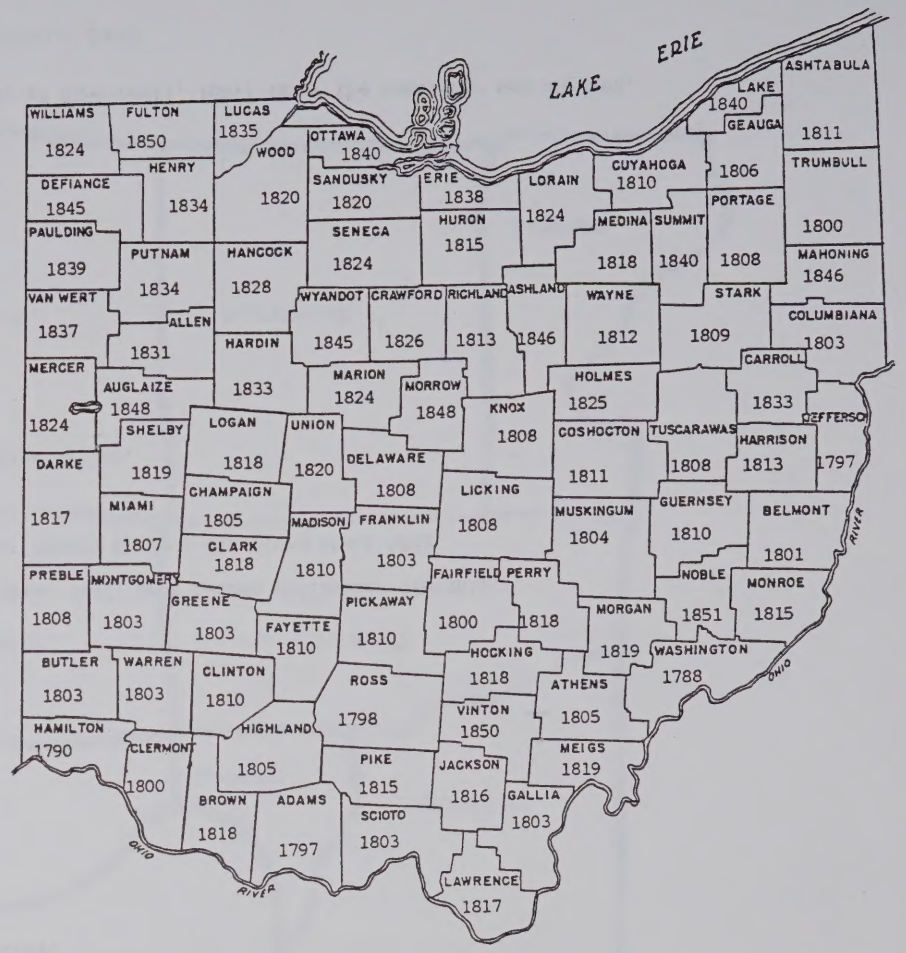
BUTLER COUNTY	1803
WARREN COUNTY	1803
CLERMONT COUNTY	1800



YEAR COUNTY ORGANIZED

Although a county may have been established earlier, it did not function as a county until it was organized. The year shown on this map represents the year of organization and the records of the County Recorder should begin in that year. Since many counties were formed from existing counties, earlier records may exist in the parent county or surrounding counties. It is possible for a land-owner never to have moved, yet various records may show four different counties of residence.
